Re: Kiawah Island Utilities Wastewater and Drinking water systems

Wastewater System: ND0017361 Drinking Water System:1010008

Dear Ms. Dennis,

The last DHEC Compliance Sampling Inspection of the Kiawah Island Utility Wastewater Treatment System was last conducted on August 24, 2020. The DHEC report indicated that the wastewater treatment facility was in compliance, with one minor deficiency noted in the effluent limitations section for dissolved oxygen. Upon further investigation, it was determined that the sample was likely taken from the wrong location.

The last DHEC Sanitary Survey Evaluation of the Kiawah Utility drinking water system was last conducted on February 9, 2021. The report indicates that the drinking water system was in compliance, however there was a deficiency noted because some records were not available.

If I can be of further assistance, please let me know.

Sincerely,

Ashley Auerbach
